L'ART DE LA CONVERSATION

JUNE - JULY 2025

GROUP SHOW

L'ART DE LA CONVERSATION

GALERIE BRACHOT IS PLEASED TO PRESENT

*This exhibition brings together artists who question
the very nature of language, image and reality.*

*Through works by René Magritte, Art & Language collective, Berend Hoekstra,
Hilarius Hofstede, Marc Renard, Kevens Prevaris and others...
this exhibition invites visitors to engage in a dialogue where reference points waver,
the obvious eludes us and reality takes on an enigmatic quality.*

*These artists are united by a common desire, they all want to experiment
with symbols, subvert codes and invent new narratives. Here, words become images and images
become enigmas and art becomes a mysterious language to be deciphered.*

*From the subtle surrealism of Magritte and the conceptual irony of Art & Language to the
sociologic approach of Kevens Prevaris, each work challenges the way we see,
think and name the world.*

*Rather than imposing a message, this exhibition creates a space for conversation between ideas,
sensations and interpretations, rather than between artists and viewers.*

*Through a variety of media, these artists invite us to an experience that is sensitive, reflective and
open where fiction slips into reality and reality escapes into fiction.*
